ABOUT ME

I started my career with an internship in Cloud, focusing on containerization. I am currently working as a front-end developer since April 2021, improving my skills in creating clean and scalable codes. My expertise includes React, HTML, CSS and Javascript (ES6).

EXPERIENCE

Intern, IBM - São Paulo

Cloud Computing

January 2020 - April 2021

- Improving skills in containerization and microservices;
- Working on a project with Angular and Node.js technologies.

Application developer , IBM - São Paulo

Front-end Mobile

April 2021 - January 2023

- Bug fixes;
- Implementation of new tools;
- Main technologies: React, Angular, Java and C#.

Application developer, IBM -São Paulo

Front-end Web

January 2023 - Present

- Bug fixes;
- Implementation of new tools;
- Main technology: Angular.
